Dear Ms. Fortier,

Our executive director, Mary Amos Augsburger, forwarded to me the information you provided regarding your disability and guardianship project. She asked me to refer your requests to our appropriate committees and sections for review, which I have done.

I provided the material you sent to our Access to Justice Committee and our Estate Planning, Trust and Probate Law Section. Our Access to Justice chair will be sharing this with his committee at their next meeting which is in January. The chair of the Estate Planning, Trust and Probate Law Section referred this to their guardianship committee for consideration.

We will be in touch as appropriate following our internal review.

Sincerely,

Kenneth A. Brown, Esq.
Senior Director of Public Affairs and Bar Services
